

## MINUTES OF THE BOARD OF COMMISSIONERS MEETING

### LANSING BOARD OF WATER AND LIGHT

---

**November 13, 2018**

---

The Board of Commissioners met at the Lansing Board of Water and Light (BWL) Headquarters-REO Town Depot located at 1201 S. Washington Ave., Lansing, MI, at 5:30 p.m. on Tuesday, November 13, 2018.

Chairperson David Price called the meeting to order at 5:30 p.m.

Present: Commissioners David Price, Beth Graham, Anthony McCloud, Anthony Mullen, Ken Ross, Tracy Thomas, and Sandra Zerkle. Non-Voting Commissioners present: Dion'trae Hayes (Lansing Charter Township), Douglas Jester (East Lansing), William Long (Delta Township).

Absent: None

The Corporate Secretary declared a quorum.

Commissioner Thomas led the Pledge of Allegiance.

#### APPROVAL OF MINUTES

**Motion** by Commissioner Ross, Seconded by Commissioner Zerkle, to approve the Regular Board Meeting minutes of September 25, 2018.

**Action:** Motion Carried

#### SPECIAL PRESENTATION

General Manager Peffley introduced Bernie Porn who gave an update on the Epic MRA Employee Survey Results. As employee survey was conducted in 2015 from which positive results were received, BWL contracted with MRA to conduct another survey in 2018. A comparison of the responses from 2015 and 2018 was done. There were responses from 378 out of 701 employees and overall the ratings were more positive.

Commissioner Ross requested a copy of the results be sent to the Commissioners. He also asked if the survey of the employees was voluntary and anonymous and whether open ended questions were asked. Mr. Porn responded that surveys were voluntary and anonymous and there were open ended questions.

GM Peffley commented that the next steps will be presenting the slides to all departments and addressing the responses. He thanked Mr. Porn for all the work he did.

Commissioner Zerkle asked why employees would not know what the competitive rates are compared to the other rates in the community as the information has been provided by public media. GM Peffley responded that rates are reviewed in safety meetings and he is unsure why employees would not know but will follow up with additional communications.

Commissioner Long asked how the BWL compared with other companies in the survey response rate. Mr. Porn responded that a majority of the employees responded and that is very high as that seldom occurs in an organization. Commissioner Long also asked to what is the low percentage attributed and whether Mr. Porn thought that those who didn't respond were satisfied or not satisfied. Mr. Porn responded that the percentages obtained in the results would probably be similar as the responses are random.

Commissioner Price thanked GM Peffley and Mr. Porn for the survey and stated that it is important for the Board to know how the employees feel about their employment at the BWL, their working environment and what the employees think can be improved.

#### **Meeting Minutes**

**November 6, 2018**

The Committee of the Whole of the Lansing Board of Water and Light (BWL) met at the BWL Headquarters-REO Town Depot located at 1201 S. Washington Ave., Lansing, MI, at 5:30 p.m. on Tuesday, November 6, 2018.

Committee of the Whole Chair Sandra Zerkle called the meeting to order at 5:30 p.m. and asked the Corporate Secretary to call the roll.

Present: Commissioners Sandra Zerkle, Beth Graham, Tony Mullen, David Price, Ken Ross, Tracy Thomas, and Non-Voting Member: William Long (Delta Township), and Douglas Jester (East Lansing)

Absent: Commissioner Anthony McCloud and Non-Voting Member Dion'trae Hayes (Lansing Township)

The Corporate Secretary declared a quorum.

#### **Public Comments**

None.

#### **Other**

A special presentation was made by General Manager Dick Peffley to Amy and Trevor Feinberg, participants and first place winners in Halloween in Old Town at Preuss Pets, who dressed up their greyhound as the Eckert Station with smokestacks and Hometown Power Dog slogan.

#### **Approval of Minutes**

**Motion** by Commissioner Graham, **Seconded** by Commissioner Mullen, to approve the Committee of the Whole meeting minutes of September 18, 2018.

**Action:** Motion Carried.

### **2019 Regular Board Meeting Schedule Resolution**

Committee of the Whole Chair Zerkle presented a proposed Resolution setting the BWL Board of Commissioners 2019 Regular Board Meeting Dates as directed by Section 1.1.2 of the BWL's Rules of Procedure.

**Motion** by Commissioner Thomas, Seconded by Commissioner Graham, to approve the 2019 Regular Board Meeting Dates Resolution.

**Action:** Motion Carried

### **Michigan Public Power Agency (MPPA) Commissioner Appointment Resolution**

General Manager Peffley stated that the presented Resolution is naming James Mitchell as BWL's First Alternate MPPA Commissioner to replace Bradley Stoecker who resigned his position with the BWL effective October 1, 2018 and asked that the Resolution be forwarded to the full Board for consideration.

**Motion** by Commissioner Ross, Seconded by Commissioner Thomas to forward the proposed MPPA Commissioner Appointment Resolution to the full Board for consideration.

**Action:** Motion Carried

### **Pole Attachment**

General Manager Peffley provided information on the pole attachment process and highlighted the following items:

- BWL has roughly 32,000 distribution poles in our service territory, 42 contracting companies attaching to BWL poles in the BWL service territory, and over 130,000 third party contacts to our poles.
- BWL has revenues of \$582,982.28 for third party attachments and since January 1, 2018 BWL has received \$70,323 in application fees from joint party attachments.
- BWL currently receives \$7.30 per pole attachment on an annual basis. There is little expense to the BWL to attach to the poles and BWL encourages pole attachment.
- Since January 2018, 1600 new attachments on poles have been processed and as part of the BWL double pole elimination program since May 2018, BWL has 50 poles and counting ready to be pulled over the winter/spring.
- BWL currently has over 80 EPRS (Emergency Pole Replacement Slips) processing.
- Attachers sign agreements to use the poles and current pole attachers are notified if adjustments need to be made. Agreeable attachments do not always occur.
- BWL would like to amend the agreements with the 42 contracting companies and claim the right to move the attachments if the companies do not agree to move.
- Both Michigan and BWL are exempt from the recent FCC One Touch Make Ready order.

Commissioner Price asked if a new attacher requests attachment to a pole who notifies the other attachers and what authority does the BWL have to move the attachers to make room for the new attacher. GM Peffley stated that the new attacher notices the other attachers and that the BWL has no authority to move the attachers with which new contracts haven't been renegotiated. BWL can move the attachers that don't meet current specifications.

Commissioner Ross asked whether or not this would result in an amendment to the rate schedule, whether rate payers would be subsidizing this service, and whether data was available regarding whether this service

would be provided in-house or with an outside partner. GM Peffley stated that the pole attachments would be revenue neutral to BWL customers and rules and regulations would not need to be addressed as \$7.30 per year per pole has been established. GM Peffley also stated the service would be provided in-house unless it would be more proficient to hire a crew. Commissioner Ross inquired if there was a separate charge for attachment besides the current rate structure of \$7.30 per pole. GM responded that a second charge was a back charge for the labor to make the pole ready and the new attacher is responsible for paying that charge.

Commissioner Zerkle asked if there was a deadline for a company going out of business to remove their pole attachment. Ricky Thornton, Technical Systems Analyst for Customer Projects and Developments, responded that some deadlines are in place, and that arrangements are made to take the necessary attachments down. Commissioner Thomas inquired about the pole attachment process during the recent ice storm. GM Peffley responded that restoring electricity was the main concern during the ice storm.

### **Easement Grant to Consumers Energy Resolution**

General Manager Peffley introduced General Counsel Brandie Ekren, who provided information on the grant request for an easement to Consumers Energy Company to allow construction of gas lines and pipelines along Canal Road to serve the new BWL combined cycle plant. The said easement grant request will be effective upon Lansing City Council's approval.

Commissioner Mullen asked if gas was going to be purchased from Consumers Energy. GM Peffley responded that Consumers Energy owns the pipeline and will receive a fee for the pipeline. Gas can be provided by BWL or purchased from Consumers Energy.

Commissioner Ross asked for a description of the location for the pipeline. GM responded that the easement is for property on Erickson. George Stojic, Executive Director of Planning and Development responded that a new city gate is being constructed and hits the service territory extending from Saginaw Hwy west of 96, south to General Motors property to Mt. Hope Street to the east and to Canal Street.

**Motion** by Commissioner Price, **Seconded** by Commissioner Thomas to forward the proposed Easement Grant to Consumers Energy Resolution to the full Board for consideration.

**Action:** Motion Carried.

### **Enterprise Risk Management Update**

GM Peffley introduced George Stojic who stated that two projects were underway, the Enterprise Risk Management Strategy and Asset Management. Mr. Stojic introduced Brandie Ekren, General Counsel for the Board of Water and Light, who spoke about Enterprise Risk Management Strategy 5, Objective 4 from the Strategic Plan which was approved in 2016. Ms. Ekren stated that program basics were a structured, consistent, and continuous process across an organization for identifying, assessing and deciding on responses to and reporting on opportunities and threats that affect the achievement of the organization's objectives. Ms. Ekren highlighted the summary tasks of quality assurance, engagement, and responsibility and accountability. Ms. Ekren proposed an ERM program as a 2020 milestone goal, to be approved in March 2019, that will include risk management coordinated across business areas, management performance and analysis tools, monitoring, strategy setting and scenario planning, and reporting responsibility.

# Enterprise Risk Management

LANSING BOARD OF WATER & LIGHT

Committee of the Whole Update  
November 6, 2018

## LBWL Strategic Plan 2016-2020

### Strategy 5, Objective 4:

Pursing excellence by creating a workplace environment that seeks to enhance current practices with the intention of adding value, making improvements, and increased efficiency

### Summary Tasks:

1. Quality Assurance
2. Engagement
3. Responsibility & Accountability

## Task 5.4C:

Assign responsibility and accountability to employees utilizing a system to analyze and measure the process in terms of risk to assets, safety and customers.

### "Enterprise Risk Management"

## Program Development- Enterprise Risk Management - Basics

A structured, consistent, and continuous process across an organization for identifying, assessing and deciding on responses to and reporting on opportunities and threats that affect the achievement of the organization's objectives (*Institute of Internal Auditors*)

Involves:

- ❖ **risk governance**, including strategic decision making and risk oversight;
- ❖ **risk infrastructure and management**, including designing, implementing and maintaining an effective risk program – led by executive management; and
- ❖ **risk ownership**, or the identifying, measuring, monitoring, and reporting of specific risks, led by the business units.

## Enterprise Risk Management - Benefits

- > Expectations and objectives **communicated and understood** across the organization – everyone moving towards achievement of common objectives
- > Standardize business processes and **collaborate** efforts to **integrate**
- > Clear **understanding** of key business **risks**, associated risk management approaches, and levels of effectiveness
- > Risk management mindset used within decision making processes at all levels and functions in the organization – **enhanced decision making**
- > Increased operational **efficiencies** and stakeholder **value**
- > **Coordination** of an integrated response to **compliance** requirements

## Task 5.4C

Assign responsibility and accountability to employees utilizing a system to analyze and measure the process in terms of risk to assets, safety and customers.

## 2020 MILESTONE GOAL

Establish and Implement a Comprehensive Enterprise Risk Management Program

**Balanced, Intelligent & Integrated**

## Program Development- Enterprise Risk Management - Balanced and Intelligent

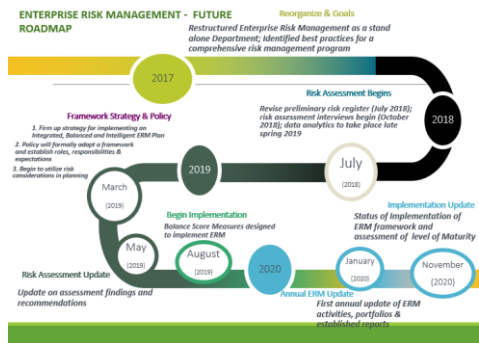

The objective is to progress along a continuum to balance risk management with organizational flexibility and adaptability to meet shareholder, customer and industry demands

The Risk Intelligence Maturity Model: Evaluate risk management capabilities

## ENTERPRISE RISK MANAGEMENT - JOURNEY TO DATE

1. Restructured Department
2. Stakeholder Analysis
3. Revised Risk Register
4. Begun Enterprise Risk Assessment – Data collection stage
5. Increase support and collaboration: Asset Management, New Plant project, Motor Vehicle, etc.

Commissioner Zerkle asked what part the Internal Auditor plays in risk management. Ms. Ekren responded that the Internal Auditor may provide information.

Commissioner Ross asked whether BWL had an outside consultant that is familiar with complex organizations and utility space for the infrastructure. Ms. Ekren responded that BWL's outside consultant is Marsh Consulting and they have helped with setting up the risk assessment and finding out what other utilities are doing. Commissioner Ross commented that having someone accountable for identified risk is critically important and welcomed Ms. Ekren to speak again to the Commissioners about the infrastructure of the Enterprise Risk Management program as it progresses.

Commissioner Mullen commended Ms. Ekren on her presentation and asked for an example of a risk and how the risk would be managed. Ms. Ekren responded that the asset management presentation that follows will provide the comparative benefits of managing risk and not managing risk. Ms. Ekren also provided for an example of a qualified work force and succession planning, and ensuring that employees are qualified to take on jobs and are trained to be able to do the job.

Commissioner Jester asked whether risk to customer satisfaction, risk to reputation or predominately risk to physical and financial risks were being assessed. Ms. Ekren responded that a variety of risks were being assessed including all of those stated in the question. Commissioner Jester also asked what new risks

were identified. Ms. Ekren responded that what the utility would look like in the future, and also recognizing communication and information as an asset were two new risks that were identified.

Commissioner Ross asked whether people understand what the organizational risk tolerance is for an activity, how activities are calibrated to risk presented and how much risk is tolerated. Ms. Ekren responded that a baseline of risk has been established but there is no uniform standard and more insight will be provided in March 2019 at the Committee of the Whole meeting.

Commissioner Zerkle commented that instead of saying what is the risk, say what is the problem and what is the solution. Ms. Ekren stated that that is the reason there is a focus on creating a uniform definition and the objective of what is getting in the way of the stakeholder realizing the value.

**Asset Management Update**

Dave Bolan, Executive Director of Operations, introduced Jerry Flore, Asset Management Manager, who presented a video of the Asset Management Journey and gave an update on some current initiatives. Mr. Flores stated that another update will be provided in March 2019. Mr. Bolan agreed with Ms. Ekren’s proposal to walk through actual scenarios of how assets are classified as critical and the risk they pose to the organization if they are not properly maintained or replaced in a timely manner. This will be done at the March 2019 COW.

4. Present BWL’s Asset Management Plan

Strategy 3: Effectively Acquire and Manage Resources

Goal: Acquire and manage BWL assets in an efficient manner to ensure an adequate and reliable supply of utility services to the Greater Lansing community

Asset Management Update

Objective 2: Fully integrate Asset Management principles for each utility

- 1) Evaluate and implement improved business processes, standards, and certifications.
- 2) Implement utility industry best practices for asset management.
- 3) Develop appropriate asset management training for employees.
- 4) Create a team culture at the BWL that values and complies with asset management principles.

Asset Management Update

What is Asset Management?

“Coordinated activity of an organization to realize value from assets” (regarding Physical Assets)

ISO 55000

Asset Management Update

Objs 2.1 and 2.2

- Recognized best practices are the basis for ISO 55000. (PAS-55)
- The deliverable for the BWL Strategic Objectives is to obtain the ISO 55000 certification.
- Certification requires that all ISO requirements have obtained a maturity level of 3 or higher in 24 standards.

Asset Management Update

Asset Management Journey – 9 minute video (Available on YouTube)

Asset Management Update

Observations from the IAM video:

- The ISO 55000 Standards are a framework for aligning the assets with the organization strategic objectives in business decision making framework.
  - i.e. Aligns the organization to a set of common goals, our Strategic Plan Objectives.
- Manage assets based on their criticality and then the risk they pose to the overall mission of the organization.
- Moves an organization away from the reactive management of its assets towards a planned approach that integrates into the discussion Risk, Performance, and Cost.
- AM is looking at critical assets over their lifecycles (i.e. Acquire, Maintain, Utilize, and Dispose). Information (data) regarding an asset over its lifecycle is as important as the asset.

## Asset Management Update

### Observations from the IAM video - Continued:

- Requires Top-down leadership and collaboration throughout the organization.
- AM is not a one-time transformation program (obtain ISO certification), rather asset management is embedded as a part of the organization's continuous improvement philosophy.
- Absent an Asset Management organization-wide culture, AM can become a silo and ineffective.

## Asset Management Update

### Benefits of Asset Management (ISO 55000)

**Demonstrated compliance:** transparently conforming with legal, statutory and regulatory requirements, as well as adhering to asset management standards, policies and processes, can enable demonstration of compliance. *(Note: Presently, the SOM requires an AM plan for water utilities - Water Asset Management Council, Act 324. The SOM recently passed legislation that will eventually set AM requirements for all utility infrastructure - Michigan Infrastructure Council, Act 323) - BWL is requesting to be a voting member of the Council*

**Improved financial performance:** improving ROI and reducing costs can be achieved, while preserving asset value and without sacrificing the short or long-term realization of organizational objectives;

**Informed asset investment decisions:** enabling the organization to improve its decision making and effectively balance costs, risks, opportunities and performance;

**Improved efficiency and effectiveness:** reviewing and improving processes, procedures and asset performance can improve efficiency and effectiveness, and the achievement of organizational objectives.

**Managed risk:** reducing financial losses, improving health and safety, good will and reputation

## Asset Management Update

### Benefits of Asset Management - Continued

**Improved services and outputs:** assuring the performance of assets can lead to improved services or products that consistently meet or exceed the expectations of customers and stakeholders;

**Minimizing environmental and social impact:** can result in reduced liabilities such as insurance premiums, fines and penalties;

**Demonstrated social responsibility:** improving the organization's ability to, for example, reduce emissions, conserve resources and adapt to climate change, enables it to demonstrate socially responsible and ethical business practices and stewardship;

**Enhanced reputation:** through improved customer satisfaction, stakeholder awareness and confidence;

**Improved organizational sustainability:** effectively managing short and long-term effects, expenditures and performance, can improve the sustainability of operations and the organization;

### Asset Management and the budgeting process:

## Asset Management Update

### ISO 55000 Compliance Initiatives (Continued):

**Esri (GIS)** - Single source of record for asset information and geospatial locations

**Heat Maps**

## Asset Management Update

**Cityworks** - Standardizing data for work orders and inspections on assets

**Dashboards:**

## Asset Management Update

**Expectations:**

**Board of Commissioners**

- As stakeholders, support of the Asset Management goals and objectives

**Asset Management**

- Continued communications/updates to the Board (e.g. next March)

Commissioner Price asked about the demographics on the heat map and Mr. Flore responded that more main breaks occur where there is red on the map.

Commissioner Ross asked three questions: where is the BWL at in the asset management process; at what time will BWL be at the maturity level for asset management; and will this result in additional reporting and greater transparency. Dave Bolan responded that the BWL is in the process of deciding how some of the elements will be applied and has decided on how some elements will be applied and implementing those elements; BWL is scheduled to be at Maturity Level #3 at the end of 2020; and that a capital budget is created, an investment is made which removes risk, and assets are managed based on their criticality. Commissioner Ross also asked if the risk is only for physical assets. Mr. Bolan responded that scores and measurements are made for all potential risks.

Commissioner Price inquired if trees as a risk was a good characterization of asset management and Mr. Bolan concurred. Commissioner Price also asked whether the report in March 2019 will have the information integrated into the budget planning. Mr. Flores responded that a draft risk matrix to develop a process for the capital budget projects is in progress.

Commissioner Zerkle inquired whether the Internal Auditor is included in the discussions for asset management. Internal Auditor Phil Perkins responded that he has some involvement with the project and added that there are two factors to consider, the probability of risk and the impact of an occurrence. Commissioner Zerkle asked whether the human factor was to be considered for asset management. GM Peffley stated that is another area and another department has been created for that.

Commissioner Long commented that the human factor had been mentioned under Enterprise Risk Management. He also thanked GM Peffley for sharing the MPPA presentation.

Commissioner Jester asked what the focus was on for demonstrating to the staff that asset management has value. Mr. Flore responded that a pilot program was conducted in which work orders were run to validate software functionality. Commissioner Jester stated that BWL has a number of assets and he would like this be in the budget process.

**Other**

**Motion** by Commissioner Graham, Seconded by Commissioner Ross, to excuse Commissioners Anthony McCloud and Dion'trae Hayes from tonight's meeting.

**Action:** Motion Carried

Commissioner Price informed the Commissioners that there will be a ceremony to honor veterans at 11:00 am on Friday at the REO Depot and that he will be playing drums along with his pipe major during the event.

**FINANCE COMMITTEE  
Meeting Minutes  
November 6, 2018**

The Finance Committee of the Board of Water and Light (BWL) met at the BWL Headquarters – REO Town Depot, located at 1201 S. Washington Ave., Lansing, MI, at 7:31 p.m. on Tuesday, November 6, 2018.

Finance Committee Chair Ken Ross called the meeting to order at 7:31 p.m. and asked that roll be taken.

Present: Commissioners Ken Ross, Beth Graham, Tony Mullen, and David Price. Also present: Commissioners Tracy Thomas, and Sandra Zerkle, and Non-Voting Commissioners Bill Long (Delta Township), and Douglas Jester (East Lansing).

Absent: None

The Corporate Secretary declared a quorum.

**Public Comments**

None

**Approval of Minutes**

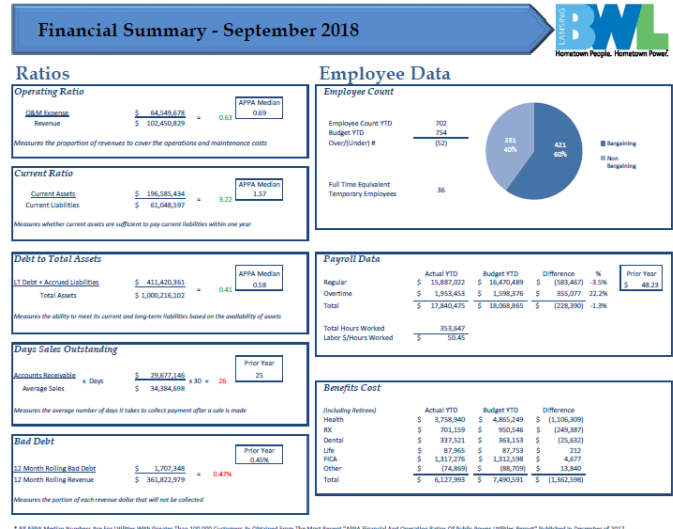

**Motion** by Commissioner Price, Seconded by Commissioner Mullen, to approve the Finance Committee meeting minutes of September 18, 2018.

Action: Motion Carried.

**September YTD Financial Summary**

Financial Manager, Scott Taylor, presented the following:

Cash is up \$4 million dollars from last month due to the time of year and days cash on is also strong. The Income Statement YTD indicates more than \$5 million in revenue, operating expenses are a little under—which is normal for this time of year, and the budgeted net income is holding at \$20 million. Budget Status YTD indicate that some of the initiatives aren't off to full speed yet. Because of the Erickson outage some money was shifted for spending from September to October. The Capital Budget YTD for the new power plant is going well and also Return on Assets. Operating Ratios, Current Ratios, and Debt to Total Assets are all strong. Although Days Sales Outstanding is in the red it is similar to last year. Bad debt is continuing to be tracked. In Employee Data the employee count has decreased due to 11 interns returning to school. Payroll data is on track even though overtime is a little high due to transition in the work force. Due to good claims experience this year benefits costs are down.

GM Peffley commented on the Erickson turbine outage. Erickson was allotted \$4 million and if the outage had gone over that amount the turbine would not have been put back together.

Commissioner Thomas commented that the next items include amendments to plan documents that usually are addressed in an HR Committee Meeting. The amendments do not propose to make changes to any benefits or plan designs and because they are primarily intended to facilitate changes to the investment policy statement they are included with the proposed investment policy statement changes.

**Defined Contribution and Deferred Compensation Plan Updates**

Scott Taylor introduced Plante Moran Financial Advisors, BWL's new advisors for the two 401(a) plans and the 457(b) plan. Mr. Taylor stated that the changes being made in the plans are for management of plan assets. The changes are similar to those made in the VEBA and DB plans in September 2018. The two 401(a) plans replaced the Defined Benefit Plans. The plans are employer contribution only and are based on a percentage of wages. The 457(b) plan is a deferred compensation plan which employees can contribute. BWL will contribute \$1,000 each year in January and will match up to \$1,500 more per year.

Commissioner Zerkle asked if the 457 plan was a pre-tax plan. Mr. Taylor responded that employees have a pre-tax and a Roth option in the 457 plan.

Mr. Taylor explained that all three plans are set up in a similar fashion and each plan has a single document that is the plan and trust agreement. The plan portion of the document talks about the administration of the plan, defines the benefits and defines the eligibility. The trust portion of the document is about managing the investments. Management has carried out trustee functions on the trustees' behalf and although this is accepted practice, the change is being requested due to advice by counsel to make it more explicit that delegation by trustees was appropriate and clearly stated. The following recommendations for which management seeks approval are: the addendum to the three plans makes it clear that the trustee authority can be delegated; revision of the investment policy statement to add language that clearly lists the authority that is being delegated to the Retirement Plan Committee (RPC); and the clear delegation by resolution to the RPC.

**Motion** by Commissioner Price, Seconded by Commissioner Mullen, to approve the changes to the 401(a) Defined Contribution Plans and the 457(b) Deferred Compensation Plan and forward them to the Trustees and Board for approval.

**Action:** Motion Carried

Commissioner Long asked what attributed to the lesser extent of repair than expected on the Erickson turbine. GM Peffley responded that turbine outages are done every seven years or 50,000 hours and the Erickson was right on schedule. GM Peffley stated that plant staff did an excellent job of operating the machine over the last seven years.

**Amendment of Defined Contribution Plan Number 106696;  
Revised Investment Policy Statement; and Delegation of Authority.**

WHEREAS, the Board of Water and Light (the "Sponsor") sponsors the ICMA Retirement Corporation Governmental Money Purchase Plan & Trust Number 106696 (the "Defined Contribution Plan Number 106696"); and

WHEREAS, the Sponsor wants to amend Defined Contribution Plan Number 106696 for the purpose of enabling the Trustees to delegate certain investment authority to the Retirement Plan Committee (the "Committee") of Defined Contribution Plan Number 106696, and for the purpose of changing the name of Defined Contribution Plan Number 106696.

THEREFORE, it is:

RESOLVED, that the Sponsor approves and adopts the Addendum Number 1 to Defined Contribution Plan Number 106696, effective as indicated therein.

FURTHER RESOLVED, that, after its review and based on a recommendation from management, the Sponsor adopts and approves the attached Lansing Board of Water and Light Defined Contribution Plan and Trust 1 Statement of Investment Policies, Procedures and Objectives.

FURTHER RESOLVED, that the Sponsor acknowledges that the Trustee (also known as Trustees) intends to delegate to the Lansing Board of Water and Light Retirement Plan Committee certain duties relating to the investment of Lansing Board of Water and Light Defined Contribution Plan and Trust 1 assets. The Sponsor does not delegate to the Committee authority to amend, freeze or terminate the Lansing Board of Water and Light Defined Contribution Plan and Trust 1.

FURTHER RESOLVED, that the Sponsor indemnifies and holds harmless each member of the Committee from and against all liability of any kind, including, without limitation, court costs, attorneys' fees and other expenses that arise from any legal or administrative proceeding of any kind that is brought by any person, entity or government agency in connection with the Committee's discharge of its duties relating to the Lansing Board of Water and Light Defined Contribution Plan and Trust 1; provided, however, that this indemnification shall not apply with regard to any proceeding in which a Committee member is found to have been grossly negligent or to have violated a law or committed a crime.

**Motion** by Commissioner Ross, Seconded by Commissioner Graham to approve the Resolution for amendment of Defined Contribution Plan Number 106696 by adoption of Addendum; Revised Investment Policy Statement; Delegation of Authority; and Indemnification.

### **Supplemental Information**

Chief Financial Officer Heather Shawa introduced George Tarlas, Senior Managing Director with ACG Asset Consulting Group, who presides over the DB and VEBA plan advisors and provided a market overview of the DB and VEBA plans; Sandra Rouse-Thames, Retirement Plan Specialist and Lisa Burks-Wilson, Director of Relationship Management from ICMA-the DC Plan administrator, who provided a participant education review from ICMA; and Steven Gibson, Senior Consultant with Plante Moran-the DC Plan advisors. Ms. Shawa also acknowledged, Finance Manager Scott Taylor, Finance Supervisor David Houser, and Financial Analyst Kyle Page for their work on the Trustee packet and audit overview.

Trustee Ross asked if the cumulative return value was from the start date to present, and for an explanation of the index in the narrative that is comparable to the investment style. Ms. Shawa responded that the cumulative return was from the start date to the present, and Mr. Tarlas responded that large cap growth stocks are selected and the benchmark is the Russell 1000 growth index which has a growth and value style. Trustee Ross also asked whether BWL has evaluated whether it made more sense to do index investing to save fees as some of the stock selections have beat the index and others have not. Ms. Shawa responded BWL is working with ACG Consulting and they will be examining the different options throughout the next year.

Trustee Ross thanked Ms. Shawa for the dashboard and the amount of information provided.

Trustee Zerkle commended the Board and the ICMA representatives for the retirement program provided to the employees.

Trustee Thomas thanked the ICMA representatives for their excitement, motivation, and enthusiasm.

Trustee Ross asked for an explanation of the asset allocation for the plans and the side by side comparison between employees and other participants. Ms. Shawa responded that the participants are more educated when it pertains to their personal investment strategies. Ms. Rouse-Thames also responded that a lot of employees select the managed accounts tool where Morningstar makes the decision for them for a small fee. Trustee Ross also inquired as to why the asset allocation totaled more than 100 percent for the 401(a) plans. Ms. Rouse-Thames responded that they will look into that and provide the information to the Trustees.

Trustee Zerkle asked if there were guidelines for loans that employees take out of the 401(a) plans. Ms. Shawa responded that the 457(b) plan allows an emergency withdrawal but the 401(a) plan follows the IRS guidelines and there are no recommendations at this time for any changes.

Trustee Ross asked if employees are auto enrolled when they are hired, if there are automatic annual percentage increases. and if a percentage increase program had been evaluated if there wasn't one. Ms. Shawa responded that employees are not automatically enrolled and a percentage increase program is not in the system. Mr. Taylor responded that auto enrollment is a feature that is available in the plan but is not

required, and that an annual percentage increase is available for the plan but is not in place. Commissioner Ross recommended that these features be evaluated and placed in the plan as a larger number of people is better for a savings device.

Ms. Shawa asked the Board of Trustees for acceptance of the 2018 Audited Financial Statements for the Defined Benefit Pension Plan, the Defined Contribution Pension Plan, and the Retire Benefit Plan (VEBA) which were audited by Baker Tilly.

Commissioner Price commented that it is good to hear a good news report for the retirement plans as he has heard other municipalities are in arrears on their retirement plans.

**RESOLUTION 2018-11-11**

**Acceptance of 2018 Audited Financial Statements for Defined Benefit Pension Plan, Defined Contribution Pension Plan, and Retiree Benefit Plan**

Resolved, that the Corporate Secretary receive and place on file the Defined Benefit, Defined Contribution, and Retiree Benefit Plan reports presented during the Pension Trustee Meeting.

-----

*Staff comments:* All three Plans received clean audit reports.

**Travel & Reimbursement Policy – Board of Commissioners, Board Appointees, Employees and Investment Fiduciaries**

WHEREAS, the Board of Commissioners approved a BWL Travel & Reimbursement Policy (“Policy”) on March 28, 2017 which served to combine and replace three existing policies and two previous resolutions; and

WHEREAS, the BWL staff has conducted a review of compliance with the Policy and determined additional clarifying language would enhance compliance; and

WHEREAS, it has been determined based on the feedback and review that revising the Policy to provide additional guidance and clarity would improve understanding of the Policy, improve compliance with the Policy, and reduce the time associated with administering the Policy; and

WHEREAS, the Board of Commissioners adopted the Policy as presented.

THEREFORE, it is:

RESOLVED, that the Trustees acknowledge the attached, updated Travel & Reimbursement Policy.

**Motion** by Trustee Ross, Seconded by Trustee Graham, to acknowledge the Travel & Reimbursement Policy for Board of Commissioners, Board Appointees, Employees and Investment Fiduciaries.

**Action:** Motion Carried

Ms. Shawa stated that last year a hard copy binder of the pension plans was provided to the Commissioners and an updated electronic copy, that will be available on demand, will be available on the dashboard in the near future. In addition, a quarterly pension report will be available on the dashboard.

Chair Price reconvened the Board of Commissioners' Meeting at 6:54 p.m.

**MANAGER'S RECOMMENDATIONS**

**RESOLUTION 2018-11-13**

**Easement Grant to Consumers Energy Company**

RESOLVED, that the Board of Commissioners hereby recommends that Lansing City Council grant an easement to Consumers Energy Company which will be located on property occupied and maintained by the Board of Water and Light; and

FURTHER RESOLVED, the General Manager of the Board of Water and Light is authorized to execute all documents to effectuate this easement grant once approved by the Lansing City Council.

*Staff Comments:* The Board of Water and Light's ("BWL") new power plant in Delta Township will be fueled by natural gas which requires a new gas pipeline to supply sufficient fuel to the new plant. The BWL intends to contract with the Consumers Energy Company ("Consumers") to construct the new gas pipeline, and Consumers has requested an easement for said pipeline across the property where the new plant will be sited. The BWL has performed an operational feasibility assessment and negotiated the terms of said easement, which includes only nominal monetary consideration, that are mutually agreeable.

**Motion** by Commissioner Zerkle, Seconded by Commissioner Thomas to approve the Resolution for the Grant Easement to Consumers Energy.

**Action:** Motion Carried

**UNFINISHED BUSINESS**

There was no Unfinished Business.

**NEW BUSINESS**

There was no New Business.

**MANAGER'S REMARKS**

None.

**COMMISSIONERS' REMARKS**

Commissioner Thomas commended Ms. Shawa's department for their hard work and great job and also congratulated Scott Taylor for representing the BWL well.

Chair Price wished everyone a joyous holiday season and another prosperous new year for the Board of Water and Light. Chair Price also informed the meeting attendees that he plays drums in a bagpipe band and the band will be playing in City Hall from 7:15 p.m. to 8:00 p.m. during the Silver Bells event and he invited people to stop by.

#### **EXCUSED ABSENCE**

None.

#### **PUBLIC COMMENTS**

Anna Fischer from Lansing Environmental Action Team spoke about the acceleration of climate change and the need of the BWL to transfer to renewable energy well before 2050.

#### **ADJOURNMENT**

Chair Price adjourned the meeting at 7:00 p.m.
